

RUGBY POLICE BOWLS CLUB CHARITY DONATIONS

Rugby Police Bowls Club, started collecting for different charities in 2002, when a work colleague of one of our members was travelling to Romania during the summer holidays, to work within an orphanage. We then decided to set aside some of our interclub games to raise money for a specific charity each year. Since then, we have decided that the charity should be local, having been of some benefit to past or present membership.
